PROFILE

Shopify developer with 2+ years of hands-on experience and **100+ stores** built for store owners in Europe, the UK and the US, in more than 10 languages. I turn a reference site, photos or a written brief into a finished store, with custom Liquid and Online Store 2.0 sections the owner can edit. Looking for a **full-time role, remote or on-site**, or regular agency work. My **rates are below market** (lower than typical US and European rates) and flexible.
